Quality Assurance

- » Tampa Bay's #1 homebuilder for over 40 years
- » Lennar is the only homebuilder with a dedicated Quality Assurance Department
- » Quality Assurance walks each home before stucco is applied to make sure all openings are sealed and the scopes of work for product applications were followed per the Lennar guidelines
- » Quality Assurance Team walks the home again before drywall is installed to ensure all internal components are in place per design and to the highest Lennar quality standards
- » Quality Assurance walks the home a final time before the closing to ensure the highest Lennar standards are consistently delivered to our customers
- » Lennar's Quality Assurance Director has regular scope of work review meetings with our building partners to ensure that all Lennar guidelines are followed on a consistent basis
- » All new products or changes are reviewed and approved by the Quality Assurance Department before the change is made
