OWNERS' DECLARATION

BE IT KNOWN that JENNIFER S LOURASH MAHANNAH, and ROSEMARY E JONES, being the owners of the premises described in the preceding Surveyor's Certificate, situated in the County of Macon and the State of Illinois, do hereby subdivide the said tract of land and do hereby make the attached plat of said subdivision for the purpose of the sale of the lots therein by number as designated on said plat and do hereby designate the subdivision as "**DAY BROOK ESTATES FIFTH ADDITION**" and the same shall be so known hereafter. We do hereby dedicate for sewers, water mains, drainage facilities and public utility purposes the various easement strips so designated on the plat as "easement"; and we further dedicate to the County all streets, sidewalks, sewers and surface drains heretofore, or hereafter, constructed in said combined tracts; hereby waiving in such portions so dedicated all rights under and by virtue of the Homestead Exemption Laws of the State of Illinois.

COVENANTS

- 1.) No lot shall be used except for residential purposed and not more than one residence shall be placed on each lot. A residence shall be limited to one single family detached dwelling not to exceed three stories in height with a private garage attached for not more than three cars.
- 2.) No building or structure (not by way of limitation, residential dwelling, garage, outbuildings) shall be erected, placed or altered on any lot until construction plans and specifications and a plan showing the location of the structure have been approved by the Architectural Control Committee, as to the quality of workmanship and materials, harmony, of exterior design with existing structures, and as to location with respect to topography and finish grade elevation. No fence or wall shall be erected, placed or altered on any lot nearer to any street than the minimum building setback line, unless approval in writing shall be received from the Architectural Control Committee hereinafter provided. The Architectural Control Committee members are Jennifer S Lourash Mahannah & Rosemary E Jones.
- 3.) The floor area of each one-story structure, exclusive of porches, basement and garages, shall not be less than 2000 square feet. The floor area of each one and one-half story structure and each two and three story structure shall contain on the ground floor thereof not less than 1000 square feet. All construction shall be of new materials and of good quality suitably adapted for use in the construction of such improvement.

- 4.) No building shall be erected on any lot nearer to the front lot line or nearer to the side lot line than the minimum building setback requirements of any local ordinance. In any event, no building shall be located nearer than 10 feet to an interior lot line or nearer than 20 feet to an existing structure.
- 5.) Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Except for initial source lines and pre-existing lines, all electric distribution lines, telephone, or other utilities lines, whether within the easements shown on the plat or elsewhere in the Addition, shall be located beneath the surface of the ground. No trees, shrubbery, structures or materials shall be permitted to remain upon and within said utility easement which may damage or interfere with the installation, operation or maintenance or the utilities.
- 6.) No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become annoyance or nuisance to the neighborhood.
- 7.) No structure of a temporary character, trailer, snowmobile, boat, camper, mobile home, trucks, vans, or commercial vehicles shall be parked permanently in the driveways of any residence or on the public streets for periods in excess of 96 hours nor otherwise permanently stored on the premises unless contained in garage or other approved structure or stored in such an area as not to be visible. No tent, shack, garage, barn or other outbuilding shall be used on any lot at any time as a residence, either temporarily or permanently, except that a storage shed may be constructed, erected or placed upon a lot but not to exceed 12 feet by 12 feet or 144 square feet in size.
- 8.) No sign of any kind shall be displayed to the public view on any lot except: one professional sign of not more than one square feet, one sign of not more than 5 square feet advertising the property for sale or rent, or signs used by builder to advertise the property during the construction and sales period, or signs used by the developer for purposes original sale of said lots.
- 9.) No oil drilling, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, oil tanks, tunnels, mineral excavations or shafts be permitted upon or in any lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot.
- 10.) No animals, livestock, or poultry of any kind shall be raised, bred, or kept on any lot, except, those dogs, cats, or other household pets may be kept provided that they are not kept, bred, or maintained for any commercial purpose.
- 11.) No lot shall be used or maintained as a dumping ground for rubbish or junk. Trash/garbage shall not be stored on the property for the purpose of burning rubbish or junk or other waste material.
- 12.) All lots that require an aerobic private sewage disposal system will keep a service/maintains agreement/contract with a licensed Maintains Company to keep the treatment of the septic system up to the Macon County Health Department Codes.

- 13.) Swale between Lot 42 and Lot 43 shall be maintained as an overflow from Day Brook Drive to the existing pond incase if ever the inlets to the storm sewers cause Day Brook Drive to flood.
- 14.) Lot 42 thru Lot 47 shall discharge roof drains and basement sump pump lines into existing pond by installing subsurface drain tiles. Lot 48 shall discharge roof drains and basement sump pump line into existing drainage ditch located along the South Lot line by installing subsurface drain tiles. Lot 47 thru Lot 58 shall discharge roof drains and basement sump pump lines into 10 inch and 8 inch field tile along the West lot lines by installing subsurface drain tiles. Lot 59 thru Lot 63 shall discharge roof drains and basement sump pump lines into existing drainage ditch along the East Lot line by installing subsurface drain tiles.
- 15.) No subsequent owner shall interfere with the free flow of surface water across that owner's lot.
- 16.) No lot owner shall allow weeds, rubbish, brush, or any other debris of any kind to accumulation his said lot or to be place upon any property in the subdivision.
- 17.) All owners shall comply with all state and local laws in affect from time to time.
- 18.) No outside television or radio aerial, antenna, or other aerial or antenna, for the reception or transmission, shall be maintained on the exterior of any lot or residence without prior written consent of the Architectural Control Committee.
- 19.) No sod, dirt, rocks or other excavating materials on any lot shall be taken out or moved from the subdivision without written consent from the Architectural Control Committee.
- 20.) Construction of any dwelling or other improvements shall be prosecuted diligently an continuously from the time of commencement until the exterior construction shall be fully completed and the interior construction is substantially completed no later than 12 months after footing excavation. No such dwelling shall be occupied during the course of original exterior construction or until made to comply with the restrictions and conditions set forth in this declaration. No excavation, except as is necessary for the construction of improvements, shall be permitted.
- 21.) All lots and roadway Right-of-way will be planted to permanent vegetation prior to construction.
- 22.) A vegetative buffer strip of at least 20 feet in width and /or silt fence will be maintained around the perimeter of the lots. Denuding of vegetation shall be kept to a minimum during the development of the lot. Other erosion control measures may be required on a site-specific basis.
- 23.) The initial construction entryway of each individual lot shall be hardened for at least 50 feet (in accordance with code 930 of the Illinois Urban Manual), prior to construction starting on the individual lots. This will prevent soil from being carried onto Day Brook Drive and Lourash Drive and eventually into the storm sewers and the pond. If soil is carried onto the roadway by equipment and/or trucks, the soil shall be removed as soon as possible, not to exceed an eight-hour period.

24.) All driveways, walkways and parking areas shall be surfaced with concrete or asphalt and plans for the same shall first be presented for approval in the same manner as plans for dwelling.

25.) Concurrently with the construction of a single family dwelling each lot owner shall install septic tank and lateral system.

26.) Following completion of construction of a residence on a lot in the Addition, the owner shall be responsible for the landscaping thereof.

27.) The Architectural Control Committee may designate a representative to act for them. In the event of the death or resignation of any member of the Committee the remaining members shall have full authority to designate a successor. Neither the members of the Committee, nor its designated representative, shall be entitled to any compensation for services performed pursuant to this covenant. At any time the then recorded owners of a majority of the lots shall have the power through a duly recorded written instrument to change the membership of the Committee or to withdraw from the Committee or restore it any or all of its powers and duties.

28.) The Committee's approval or disapproval as required in these covenants shall be in writing. In the event the Committee or its designated representative fail to approve specifications have been submitted to it, or in any event if no suits to enjoin the construction have been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

29.) These covenants are to run with the land and shall be binding on all properties an all persons claiming under them for a period of twenty years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of ten years unless an instrument signed by the majority of the owners of the lots has been recorded, agreeing to change these covenants in whole or part. A majority of owners shall be determined by counting one vote for the owner or the representative of the owner of each lot, and no fractional vote shall be allowed for adjoining footage representing a fraction of the adjoining lot.

30.) Enforcement shall be by proceeding at law or in equity against any person or persons violating or attempting to violate any covenant either to restrain violation or recover damages.

31.) Invalidity of any of these covenants by judgment or Court Order, Municipal, state, or federal law, shall in no wise affect any of the other provisions which shall remain in full force and effect.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my seal this
11th day of June, 2007.

Re: Daybook Fifth Addition

Dear Sir:

After a plat review and site inspection, the Macon County SWCD will sign off on the final plat for the Rebstock's Addition with the following stipulation;

- The Storm Water Pollution Prevention Plan (SWPPP) will be revised to address all NPDES & Clean Water Act Requirements.

It is our opinion that if an adequate SWPPP is developed, implemented, and maintained that this development will have little to no impact to our natural resources and/or adjacent landowners.

Sincerely,
